8 (707) 710-77-23

PROFILE

A motivated Frontend developer who has completed comprehensive training in modern web (HTML, CSS/SASS, JS/TS, React, Next.js). I am especially passionate about creating pixel-perfect and responsive designs. I have experience working with the backend (Nest.js), which helps me see the full picture of product development

EXPERIENCE

- **OCTOBER 2025**
- NOW

**INVITATION
CONSTRUCTOR**
invite.kz

FRONTEND DEVELOPER

- Developed a REST API for user authentication and project management on Nest.js/TypeORM, set up registration/authorization modules, and the "My Projects" page.
- I'm currently developing the invitation constructor myself.

STACK:

- Front: React, Vite, Next.js, Tailwind, Zustand, TypeScript, Axios
- Back: Nest.js, TypeOrm, Bcrypt
- Structure and DB: NX monorepo, PostgreSQL

EDUCATION

- **OCTOBER 2024**
- NOW

**FULLSTACK
